PROFESSIONAL SUMMARY

Results-driven BCA student with a strong academic foundation in data analysis, database management systems, and quality assurance. Proficient in Python, SQL, Power BI, and Excel with hands-on experience building interactive dashboards and applying DAX-based analytical frameworks. Seeking a Graduate Trainee role to leverage data analytics, process optimization, and quality engineering skills.

EDUCATION

Bachelor of Computer Applications (BCA) — Maharana Pratap College of Professional Studies, Kanpur | 2024 – 2027

Higher Secondary Education (Class XII) — Central Board of Secondary Education (CBSE) | 2023 – 2024

Secondary Education (Class X) — Central Board of Secondary Education (CBSE) | 2021 – 2022

PROJECTS

E-Commerce Sales Analysis Dashboard | Power BI, Excel — Developer & Data Analyst

- Built interactive Power BI dashboards to analyze retail and e-commerce sales data, incorporating complex filters, custom slicers, and dynamic parameter tables for deep-dive exploratory reporting.
- Integrated and transformed raw data from multiple sources using Power Query; engineered data models and authored DAX measures for advanced calculations and time-intelligence metrics.
- Designed insight-driven visualizations — bar, pie, line, and trend charts — to streamline data interpretation and enhance business decision-making capabilities.

SKILLS

Technical: Python | SQL | Microsoft Excel | Power BI | DAX Modeling | Power Query | Data Visualization | MS Word

Soft Skills: Quality Assurance | Process Improvement | Effective Communication | Team Collaboration | Logical Problem-Solving | Leadership
